## PROFESSIONAL SUMMARY

Motivated student with a strong foundation in programming, data structures, and web development. Proficient in languages such as Java, Python, and C++. Eager to apply academic knowledge in a real-world setting through an internship. Possesses strong problem-solving skills, a quick learning ability, and a passion for technology. Seeking an opportunity to gain hands-on experience and contribute to innovative projects.

## EDUCATION

**Bachelor of Technology in Computer Science Engineering with specialization in Cybersecurity and Digital Forensics**

VIT Bhopal University

2022-2026

CGPA: 8.24

## SKILLS

**Programming Languages:** Python, Java, C++

**Backend:** Django, Node.js, Express.js

**Frontend:** React, , HTML, CSS

**Clouds & Databases:** AWS, PostgreSQL, MongoDB

**Cybersecurity**

**Languages:** English, Hindi, Malayalam

## PROJECTS

**Smart Poultry System:** AI-driven poultry disease detection system leveraging excreta analysis and temperature data to identify early signs of infection, improving response time and flock health management.

**Cybersecurity lab:** Built a cybersecurity lab environment utilizing Wazuh for real-time threat detection and automated alert notifications, enhancing incident response capabilities.

**Network Packet Analyzer:** A simple network packet analyzer that extracts and displays geolocation data of source and destination IP addresses for basic traffic analysis.

## CERTIFICATES

Python Essentials I and Python Essentials II, Cisco Networking Academy

Basics of Computer Networking, Cisco Networking Academy

The Bits and Bytes of Computer Networking, Google
